LINCOLN 3, NEBRASKA

AK-SAR-BEN

The first of the fine Uni of Nebr. Garden Quill mums

To Our Many Friends and Customers

Once again we are pleased to present our spring catalogue for your consideration. Our Modern Mum section is headlined with 5 new introductions from our hybridization program. We have secured the exclusive rights to introduce a fine large pure white pompom, Gregory, from Mr. George Nadeau of Greenville Michigan. An outstanding new early blooming unique garden quille mum is AK-SAR-BEN from Glenn Viehmyer. This is the first of a series of early blooming spiders, quills, & spoons from North Platte.

May we call attention to a new section "Choice Shrubby plants." Among these will be found those little charmers Miniature Roses, Pyracanthas or firethorn, large flowered Clematis, and an outstanding new dark blue spirea, Caryopteris Azure.

We are introducing a new exciting series of cut or Maple leaf Super Hardy Hibiscus. Plants are dwarfer, slenderer, & more graceful in branching than other Hibiscus.

We cordially invite you to visit our fields from mid April on when dwarf phlox, primulas and other spring bloomers begin our flower show. Continuing color parades through our fields with Oriental Poppies, Pentstemon, Hibiscus, Hemerocallis, Carnations, etc. Highlighting in colorful finals are the Hardy Asters & Modern Mums.

Our sets of Ektachrome 35mm slides have been revised this year to include many of the fine newcomers in mums & other Perennials of 1956 to 1959. See inside back cover for details.

We wish to thank most sincerely our customers & friends for their interest & patronage. We will do our utmost to warrent your continuing loyalty.

Sincerely

The Flemings

1959 INTRODUCTIONS IN MODERN MUMS

FLEMING'S FLOWER FIELDS

AUTUMN SPLENDOR - A blaze of autumn colors as seen in the leaves of maples, oaks and sumac. Huge (4-5") fully double flowers of a rich deep red show a gracefully whorled center on opening. The petals are incurved and thus reveal a glowing old gold reverse side. The flowers are borne in clusters on long, stiff stems on 24-30" plants. An extremely hardy variety with very frost tolerant flowers. Blooms from October 5th on. 75¢ each.

GREGORY (George Nadeau.) We are pleased to offer for the first time nationally one of the new garden mums produced by Mr. George Nadeau. Fully double stiff textured 2 1/2 to 3" white pompons are borne in clusters on strong upright plants. The flowers have an attractive light tan-pink center on opening which shades to pure white in a few days leaving the flowers completely white for the balance of the season with no purpling during cool weather. The stiffly upright 24-30" plants are nicely branched and hence provide an abundance of long stemmed flowers for cutting. Plants are extremely winter hardy. 75¢ each.

LUSTROUS - Graceful bushy plants 15-18" high and 28" across covered with 1 1/2" solid ball-like poms of a most unusual and lovely red shade. The color is that of delicious crushed strawberries with old rose overtones and hence is a pastel shade which blends well with many others. Blooms from Oct. 1st. on. 75¢ each.

MOUND O' SNOW - Symmetrical mounds 10-12" high and up to 24" across are smothered with double 2 1/2 -3" flowers from early September onward. This variety has created much interest where seen on trial for it is so early blooming that it is in its prime just as the early ones are beginning to bloom. 75¢ each.

RUBESCENT CUSHION - A new ruby red "Carnation-flowered" cushion mum. This is truly a cushion mum for it forms very dense compact plants but 10-12" high and spreads up to 30" across. The foliage on this mound is completely hidden by hundreds of double glowing ruby red flowers from October 1st on. The flowers resemble Carnations as the petal edges are notched or serrated. A fine companion for other extra low cushions such as Copper'n' Gold, Mound O' Snow, Tiny Rubies and Bantam Yellow. 75¢ each.

SOME PUMPKINS !! A distinctive newcomer in the cushion class. Sturdy bushy plants 12" high and up to 30" across with attractive dark foliage are topped with myriads of sparkling golden pumpkin orange flowers. These brightly hued 2-3" semi-double flowers have the interesting property of incurving into a ball and thus resemble a "football" mum in miniature. An early bloomer, starting about Sept. 7th. 75¢ each.

UNIVERSITY OF NEBRASKA (Glenn Viehmeyer)

AK-SAR-BEN - This is the first in a new and unique series of early blooming quilled or "spider" mums for the home gardener. It was named for the famous Nebraska civic organization which is well known for its support of many worthy activities. The fully double stiff textured quilled flowers are 3 1/2 to 5" across and are borne singly or in loose clusters on strong stiff stems. The color, as described by Mr. Viehmeyer, is a decorator's color which goes well in many colors - a suntan shade overlaid with rose. Strong 30" plants bear their blooms from late August until killing frosts. A much desired truly hardy early blooming "Rayonante" type mum which is sure to become popular. 80¢ each.

STILL MORE EXCELLENT 1959 INTRODUCTIONS

CORSAGE CUSHION (Bristol) Another lovely newcomer having the popular new "Carnation" type flowers. The fringed two inch flowers of pearl pink shading to ivory are borne in profusion on 15" cushion type plants. \$1.00 each.

DANDY (Lehman) An upright cushion-like plant loaded with blooms over a two month period. The bright red-bronze flowers are incurved and are produced in abundance from early Sept. on. 75¢ each.

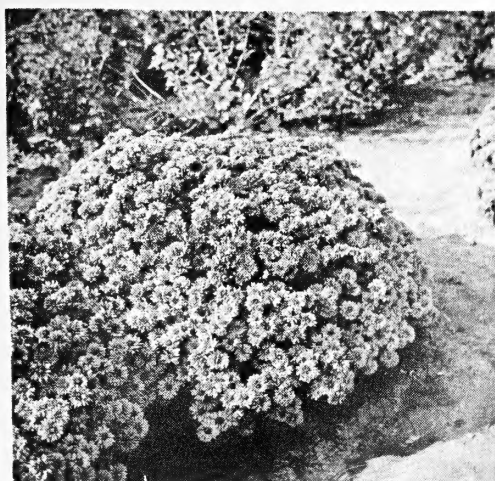

GREMLIN (Bristol) Attractive stocky 18" plants heavily laden with sprays of tight 1 1/2 -2" poms. The flowers are a soft orchid pink with striking maroon eyes. Blooms from mid-September on. \$1.00 each.

PRAIRIE MOON (Uni. of Minn.) A new early blooming, large flowered sort which was bred specially for the northern states. Lovely creamy white fully double blooms up to four inches across are freely produced on 24-30" plants. The petals are incurving, thus the flowers resemble "Football" mums in form. 85¢ each.

TONKA (Uni. of Minn.) Fully double deep yellow flowers appear on plants of medium height from early Sept. onward. The blooms measure up to 3 1/2" across, while the plants are 20" high and up to 30" across. 85¢ each.

UNIVERSITY OF NEBRASKA MUMS

- AK-SAR-BEN (1959) A striking hardy "Spider" mum.

65¢ each.

PHLOX DECUSSATA (Summer flowering Phlox)

One of the finest perennials for the summer garden. Need little attention. Our collection includes the finest new sorts.

B.SMYMONS JEUNE(New) Very large rose pink flowers with darker centers. 55¢ each.

BRIGADIER - Large carmine-red florets. A splendid recent importation from England. 50¢ each.

BLUE BOY - The nearest to a dark blue Phlox to date. An excellent grower of medium height.
50¢ each.

CHARLES CURTIS - Flowers of glowing cherry red. A very striking sort. 50¢ each.

ELIZABETH ARDEN - Heavy trusses of large soft pink flowers with rose red eyes. 50¢ each.

SIR JOHN FALSTAFF - The largest of all Phlox. Exceptionally large blooms of a rich luminous pink shade. 50¢ each.

SNOWCAP - Large trusses of pure white flowers. A fine early season sort with low growing plant habit.
50¢ each.

WORLD PEACE - A very fine large pure white. Enormous flower heads on long strong stems.
50¢ each.

PHLOX SUBULATA (Creeping Phlox)

The very popular spring flowering moss Phlox which is so showy in April and May.

ALEXANDER'S SURPRISE - Bushy 6-8" plants with large rosy pink flowers with red eyes. Blooms again in the fall. 50¢ each.

INTENSITY (New) Evergreen foliage mounds which are hidden during spring with bright cerise flowers.
55¢ each.

SCARLET FLAME (New) The reddest of the creeping Phlox to date. Mounds of rich ruby scarlet flowers.
60¢ each.

WHITE DELIGHT - The best white variety. Glossy green foliage mounds which are covered with pure snow white flowers in the spring. 50¢ each.

WHITE PERFECTION (New) A most unusual sort. Large white flowers with bright blue centers. 65¢ each.

HEMEROCALLIS (Day Lilies)

The modern Hemerocallis is one of the best summer flowering perennials, providing much color with little care. The varieties listed below are tried and true sorts which we can recommend most highly.

AUGUST PIONEER (Stout) A multiflora hybrid. Medium sized flowers of chrome orange flushed with red. Aug. and Sept. bloomer. 50¢ each.

BLACK FALCON (Nesmith) The nearest to black of any Hemerocallis. Very dark toned flowers with small yellow centers. \$1.00 each.

BROWN-EYED SUSAN (Hill) Light yellow with reddish brown eyes. 50¢ each.

CAPTAIN BLOOD (Russell) Large velvety red flowers with wide rounded petals. Flowers stay open far into the night. \$1.00 each.

CHINA MISS (Bechtold) Large flowers with ruffled and recurving petals and sepals. The color is aureolin yellow with red markings on the petals. 65¢ each.

DAILY DOUBLE (Douglas) A most unusual sort in which most of the flowers are double. The orange yellow petals and sepals are furled. 75¢ each.

HONEY REDHEAD (Nesmith) Open flaring flowers of bright velvety red with distinct creamy yellow borders on petals and sepals. \$1.00 each.

HYPERION (Mead) Huge waxy soft canary yellow. One of the best large flowered sorts. 50¢ each.

LIEBESTRAUM (Bechtold) Bright rose petals with lemon mid-ribs. Sepals are lemon yellow with narrow brick red edges. 75¢ each.

MONTE (Russell) A striking bicolored sort. Petals are deep rosy brown while the sepals are lemon yellow. 65¢ each.

MT. VERNON (Russell) Large lemon yellow overlaid with coral rose. 50¢ each.

NIAZUMA (Russell) Ruffled petals of fiery red with mahogany veins and yellow mid-ribs. Sepals are of the same color with faint yellow ruffled edges. 60¢ each.

HEMEROCALLIS

Russell's Minuet

OPHIR (Farr) Deep gold trumpet shaped flowers. Late summer. 50¢ each.

PAINTED LADY (Russell) Huge blooms (up to 8-9" across) of a coppery terra-cotta shade. A highly honored variety. \$1.00 each.

PINK CHARM (Nesmith) Recurved open flowers of a ruddy coral pink with light yellow centers. \$1.00 each.

PURPLE WATERS (Russell) One of the best purples - actually a wine purple with lemon yellow throats. 65¢ each.

RUSSELL'S MINUET (Russell) Petals are rosy red with green mid-rib while the sepals are greenish yellow. 60¢ each.

JAPANESE IRIS

These are the strikingly lovely Iris which are often referred to as Orchid Iris. The flowers are large and flat in shape, thus are much different than the bearded "German" Iris. Culture is not difficult for they simply require rich garden soil and adequate moisture.

BLUE. WAVES - Large semi-double greyish flowers overlaid with blue. 75¢ each.

FASCINATION - Large double blooms of mauve pink with blush white veins. 75¢ each.

GOLD BOUND - Fine double white with gold banded center. 65¢ each.

HADONA - A striking nine-petaled variety. Violet blue with lighter blue veins and gold centers. 85¢ each.

LUCIA MARSHALL - Large double pansy violet with white veins. 65¢ each.

MOMYI-NO-TAKI - Fine double dark red with golden center. 75¢ each.

MRS. J.A. HAYDEN - Double white, lightly suffused pale violet. Almost a triple form as the anthers develop into extra petals. 75¢ each.

ROSE ANNA - Lovely double ivory white with ruby red veins. 65¢ each.

THREE CHOICE NEW PERENNIALS

CARYOPTERIS AZURE - A beautiful new dark blue "Blue Spirea." The light blue form, Blue Mist, has been very popular and thus we are sure that this newcomer will be in much demand. Upright shrubby plants which are lower growing than Blue mist and with flowers of a much deeper blue shade. Strong blooming sized potted plants. 75¢ each.

PENTSTEMON FLATHEAD LAKE HYBRIDS (Indian Jewels) A new race of hybrid Pentstemons which was produced from crosses between selected forms of *P. barbatus* and *P. glaber* and related species. Long spikes of tubular bell-shaped flowers in varying shades of pink, rose, red, violet and purple. Blooms are produced steadily from early June until fall.

SEDUM MAXIMUM ATROPURPUREUM (Mahogany Plant) Attractive upright 2-2 1/2" plants with plump leaves of rich mahogany red overlaid with bronze-purple. Large heads of creamy rose flowers in late summer contrast nicely with the ebony hued stems. An excellent item for arrangements as the flowers last well when cut. 75¢ each.

SELECTED HARDY PERENNIALS

ANEMONE JAPONICA RUBRA - Long stemmed sprays of red semi-double blooms from mid-Sept. onward. One of the best fall blooming perennials. 50¢ each.

ASTILBE RED SENTINEL (New) Airy plumes of rich deep garnet flowers are carried on stiff 18" stems above attractive mounds of dark green fern-like foliage. 75¢ each.

CHELIDONIUM MAJUS FL.PL. (Double Celandine Poppy) A very attractive, rarely offered spring and early summer blooming perennial. Graceful bushy 18-24" plants loaded with bright golden yellow semi-double to double 1" blooms. 55¢ each.

DAISY AGLAYA - Large double flowers with lovely fringed petals. One of the best summer flowering cut flower perennials. 55¢ each.

- DAISY MOUNT SHASTA - A beautiful "Anemone-flowered" sort. The high, full crested centers rest atop double rows of broad overlapping guard petals. 55¢ each.
- GAILLARDIA ATTRACTION - large butterscotch yellow daisies with reddish flush in the center. 50¢ each.
- HELENIUM COPPER SPRAY - A new importation from Europe. Bushy upright 3-4 ft. plants covered with 1 1/2" daisy-like flowers in red, bronze and copper hues from August until killing frosts. The most showy Helenium we know of. 60¢ each.
- HOSTA HONEYBELLS (New) A lovely plant with large olive green leaves and spikes of lily-like flowers of a soft lavender shade, streaked with blue. An excellent plant for shady spots. 75¢ each.
- HOSTA VARIEGATA - Plantain like leaves with light yellow to white variegations. Spikes of lavender lily-like blooms in mid-summer. One of best foliage plants. 50¢ each.
- IBERIS ALEXANDER'S EARLY - An early blooming form of hardy white Candytuft. Attractive evergreen plants loaded with white flowers in early spring. 50¢ each.
- DOUBLE LILY OF THE VALLEY - A rare form of this favorite plant. Strong stems of stiff textured double waxy white bells. 60¢ each.
- LYTHRUM (Loostrike) Stately border plants which provide color almost continuously during the summer months.
- MORDEN ROSE - Attractive upright plants with spikes of rich rose red blooms. 50¢ each.
- PROLIFIC - A lovely new variety with persian rose flower spikes. 50¢ each.
- ROBERT - Compact bushy 18" plants with spikes of bright fuchsia rose flowers. 50¢ each.
- MONARDA DAHLIATOWN ORCHID - A rich reddish violet shade. A strikingly different Bergamont. 50¢ each.
- MONARDA GRANITE PINK - A new semi-dwarf variety. Bright rose pink flowers in an unfading shade. 55¢ each.
- OENOTHERA ROSEA - One of the loveliest low growing summer flowering perennials. Myriads of 2" saucer-like soft rose pink flowers on 8-10" stems arise from compact foliage rosettes. 50¢ each.

LARGE FLOWERED CLEMATIS

The large flowered Clematis are generally considered to be the most colorful of the vines. When grown on a trellis, fence, arbor or porch they are truly gorgeous. Plant in a well drained location. A spot which is shaded from the hot afternoon sun is best.

CRIMSON STAR - A spectacular grower with large rich garnet-red flowers. \$1.35 each.

HENRY I- Immense pure white flowers are produced in profusion throughout the summer months. \$1.25 each.

JACKMANNI - An all-time favorite. Vigorous grower with large glowing purple blooms. \$1.25 each.

MME. BARON VEILLARD - A truly lovely sort, large pastel toned flowers of a warm lilac-rose. An extremely strong grower. \$1.25 each.
